Education and Research Quality

AIMS of the network

1. Exchanging good practices: experiences, formats, 'what is happening'
2. Stimulating quality of trainings/trainers in the field
3. Encouraging collaborations on research-based innovations in education

The Network takes a broad scope:

- Research integrity / responsible conduct of research trainings
- Open Science trainings
- RRI trainings
- Research ethics trainings

Whiteboard Activity

What are your expectations of the network and what do you bring to the network?

(10 min whiteboard + 10 min discussion)

Position Paper

What: Julia, Mariette and invited authors prepare a position paper on the status quo and needs (and purpose) of an international network > will be preprint

Can you contribute: yes!

Substantial contribution will lead to possible co-authorship:

<https://docs.google.com/document/d/1RptZbDfoHS8wDaZNlbunxW08gPIIKhVV/edit?usp=sharing&ouid=112659609949368464891&rtpof=true&sd=true>

Main points so far:

Inventory of status quo on recent developments in education and training in the field (NB both in RI, OS, RRI, RE...)

Current needs and future focus: exchange more practice examples, stimulate high quality in teaching and teachers, and conduct more research on trainings/education in this field

First Actions

Establish Special Interest Groups (SIG) on topics of relevance on RCR, RRI, OS

Who would like to form a SIG and prepare a presentation for the in-person meeting in March at the European Commission?

Thank you!

Mariette & Julia
